

## LTWP LC Truck Loading Order (1 level)

This is a very loose guess to what will work, we can try different configurations if needed

### First in

1 Sound Cart - Ratchet Strap **Make sure not to damage cords. Pack blankets underneath items that may bounce. Need to secure this a lot more**

7 props broken down - flip bases upside down to stack, then ratchet together

Battery and Drum Cases - stack in and around props

Battery Cases & Harnesses (empty on the way to the show, full on the way back)

3 snares

3 quads

4 bass drums

Drumset Cases

Bass Drum

Floor Tom

2 Small Toms

Snare

Hardware case w/ cymbals

### Second

2 5 octave Marimbas (Adams) - Wheel Locks and Bungees

2 4.5 Marimbas (Behringer) - Wheel Locks and Bungees or straps

3 Vibes - Wheel Locks

1 Xylo - Wheel Locks

1 Synth - Ratchet Strap

### Third

2 Sled Speakers - Ratchet Strap

1 Sub Speaker - Ratchet Strap

1 Bass Drum - Loading Blanket and Ratchet Strap

1 Drumset Cart - Ratchet Strap

1 Tarp Cart - Ratchet Straps (1 around tarp vertically to prevent unraveling, 1 horizontal to wall)
